Hidden advantages:

- Learn general administrative skills to successfully run and manage a dental clinic
- Learn all laboratory protocols in Dentistry
- Learn all business skills necessary for your future practice
- Getting an actual feel of working, managing and enjoying your own Dental clinic,
- Comprehensively raising your professional standard in comparison with your friends and college mates.
- Learn basics of Extra oral and Intra Oral Photography with Digital SLR camera and concepts of Mobile Dental Photography.
- Learn to manage Medical Emergencies, single handedly, in the dental practice
- Later on, help and guidance in your own clinical practice and case queries.
- **Guidance in designing and developing your own dental clinic** in future.

Requirements:

- The candidates with "**real appetite for learning**" should apply,
- **No Spoon Feeding** in teaching,
- The General Dentistry Mastership Programme is designed in such a way, that the candidate has to learn during clinical practice execution. It is not only theories, but majority part is going to be clinical execution of the procedure, preclinical exercises, Demonstrations and table top discussion of the cases.
- No other vacations are available during the mastership Programme, except Diwali Holidays, when clinic is closed.

- Maximum 1 leave per month with prior permission permitted.
- Timing of the clinical hours for fellowship candidates: 10.00 am to 2.30 pm and 4.00 pm to 8.30 pm, for Monday to Saturday.
- Uniform is compulsory according to the clinic standards,
- Admission rights solely reserved to the mentors & Institute.
- Satisfactory preclinical exercises have to be completed before touching the patients.
- In case of any very serious mistakes, extreme negligence or real nuisance created by candidate, fellowship can be cancelled by the mentors.
- The number of patients and treatment steps to be allotted to the candidate depends on personal dedication, capabilities, knowledge of basic sciences and work quality level of the participant, which is to be decided by the mentors.
- Mentors are highly excited and eager to teach each and every aspect of clinical dentistry to the participants, but reciprocal interest and efforts from the candidates are required continuously to maintain the enthusiasm of the mentors.
- 100% fees to be submitted at the time of admission; **fee is non-refundable.**
- The extracted teeth, dummy model and micro motor will be given from the academy for the preclinical work; Airtor hand piece is to be brought by candidate.
- Extension of General Dentistry Mastership will not be possible, in case the candidate remains absent for long time or joins late than required.

Log Book & Record Maintenance:

- Candidate has to maintain the log book for all preclinical work, patients' clinical work, case discussions, planning cases, etc.
- All the records and log book have to be submitted before certification.

Admission:

- Candidate has to pass the entrance test and a personal interview session with the mentors
- Admission rights reserved by WORLD OF 32.
- Please inquire on the given number for fee structure.
- 100% fees to be paid at the time of admission.
- Paid fees will be COMPLETED NONREFUNDABLE in any circumstances.
