- Learn general administrative skills to successfully run and manage, Dental clinics, like 32 PEARLS®.
- Learn all laboratory protocols in Dentistry
- Learn all business skills necessary for your future practice
- Getting an actual feel of working, managing and enjoying your own Dental clinic,
- Comprehensively raising your professional standard in comparison with your friends and college mates.
- Learn to manage Medical Emergencies, single handedly, in the dental practice
- Priority in recruitment as an Associate Dental Surgeon at 32 PEARLS and sister concerns, after completion of program, depending on the vacancy.
- Permanent help and guidance in your own clinical practice and case queries.
- **Help in designing and developing your own dental clinic** in future. (e.g. Guidance of space selection, interior design to execution)

### **Requirements:**

- The candidates with “**real appetite for learning**” should apply,
- This “*4 Months Clinical Dentistry Residency Programme*” is designed in such a way, that the candidate has to learn during clinical practice execution. It is not only theories, but majority part is going to be clinical execution of the procedures, preclinical exercises, Demonstrations and table top discussion of the cases.
- Maximum 1 leave per month with prior permission permitted.
- Timing of the clinical hours for candidates: 9.45 am to 7 pm with 1 hour of lunch break, from Monday to Saturday.
- Uniform is compulsory according to the clinic standards.
- Admission rights solely reserved to the mentors
- Satisfactory preclinical exercises have to be completed before touching the patients.

- In case of any very serious mistakes, extreme negligence or real nuisance created by candidate, the program can be terminated by the mentors and no fees refund can be claimed.
- The number of patients and treatment steps to be allotted to the candidate depends on personal dedication, capabilities, knowledge of basic sciences and work quality level of the participant, which is to be decided by the mentors.
- Mentors are highly excited and eager to teach each and every aspect of clinical dentistry to the participants, but reciprocal interest and efforts from the candidates are required continuously to maintain the enthusiasm of the mentors.
- 100% fees (nonrefundable) to be submitted at the time of admission. Certificate of successful program completion is to be awarded at the end of 4 months and on completion of required work.
- The extracted and/or demo teeth for model work will be provided by the institute.
- Airotor hand piece is to be brought by the candidate.
